The Pall Mall Gazette makes the odd statement that Queen Victoria owns the finest set in existence of the autographs of the signers of the American Declaration of Independence.

A son of old John Brown, "whose soul is marching on", owns a large vineyard at Put-in-Bay, but is such a radical temperance man that he will not sell a pound of grapes to be made into wine; and he always votes the straight republican ticket.

Colonel O. B. Wilcox, of the Twelfth U. S. Infantry, has been appointed brigadier general in the United States army to succeed General J. H. Potter, retired, and will be assigned to the command of the Department of Missouri, with headquarters at Leavenworth, Kansas.

Ata California: "O'Donnell and his crowd at one end of the sand lots; the Salvation army at the other; Sell's circus and a baseball game going on in front, while an itinerant preacher holds forth in the middle, from the text: "And Jesus looked down upon the city and wept."

Mr. Woodward, the democratic candidate for governor, is speaking here and there on politics. He fills up his time, but doesn't tell his hearers why he should be elected. That is one of the things that Jerry Rusk's record precludes Mr Woodward from doing. It is a case of severe handicapping.

One of the first things Mrs. Cleveland will do this winter, according to a Washington paper, will be to order a new dinner service for the white house. Although the United States government paid but $3,000 for the one now in use, it cost the manufacturers nearly $18,000. As it has done service during three administrations, a new one is needed.

One of the best sentiments Colonel Ingersoll has expressed in a long time, is that he wishes that the laboringmen could have a president of their own and a majority in congress, that they might learn how little can really be done by legislation. "They will find," he thinks, "that making a living in this world is an individual affair, and that each man must look out for himself."

A bright specimen of democratic reform in the matter of carrying foreign mail: If you desire to send a letter to the Argentine Republic mark it "Via Liverpool." It is one of the beneficent results of Postmaster-General Vilas's policy that the only expeditious route between the United States and South America is by twice crossing the Atlantic.

The democratic advice as to how to lighten the burden of taxation wouldn't seem to work well in all cases, as illustrated by the Nashville American: "Mr. Morrison's plan for every man to lighten his share of the internal revenue tax on whisky by drinking less of it seems to be a very good one. Mr. Randall's plan for every man to lighten the burdens of the tariff by wearing less clothes is not so good."

An editorial item from the Milwaukee Sentinel: "We observe that the United States Collector Wells presided over the democratic county convention of Fond du Lac last Tuesday, and made a democratic speech. Collector Wells was also re-elected chairman of the democratic county committee. How President Cleveland's buncombe order frightens these federal officials! But then the Mugwump Post has no doubt but they will be summarily removed."

When Dr. Lyman Abbott, of New York, lectured in Beloit the other evening, on "Industrial Revolution," he paid a fitting tribute to Governor Rusk for the splendid stand that courageous executive took in beating down anarchy: The mention of Governor Rusk's name brought out hearty applause, a circumstance commented upon, as Beloit lecture audiences are not wont to be moved to a demonstration, and the "riot issue" has received a stimulus in the able divine's utterances.

The publishers of Lippincott's Magazine have come to the conclusion that the time is ripe for a radical change in the method of publishing fiction in periodicals. Instead of giving novels in sections, a complete novel of a popular size, is to be published with every issue of the magazine, the series commencing in the November number with "Bruton's Bayou," a charming story by John Habberton. Julian Hawthorne, Francis Hodgson Burnett, Mrs. Lucy C. Lillie, Edgar Fawcett and other authors will follow.

The Evening Wisconsin calls attention to the following important matter: It is not generally remembered by voters but it is a fact, nevertheless, that on the coming election day—November 2—Wisconsin voters, in pursuance of chapter 211 of the laws of 1885, will vote upon the proposition to extend the right of school suffrage to the women of the state. The proposition to become a law, must have a majority of all votes cast on the subject

Hon. Richard Guenther, the independent candidate for congress in the second district, was in Milwaukee Wednesday. The Sentinel says: "He reports that he is receiving the most satisfactory assurances of support from all parts of the district. Great numbers of democrats who have become disgusted with the disgraceful tactics of Delaney, will support Mr. Guenther and feel assured of his success. By electing him they will will secure an able and experienced representative, and break up one of the most corrupt and disgraceful political rings in the country.'

The New York Independent declares that it is not the saloon keepers alone that must go, but the brewers who own the saloons. It declares that it "has got to be the way now that the brewers absolutely locate and control the saloons," and instances as facts in proof of its assertion that a Milwaukee brewing company paid fifty-three saloon licenses last month in one check. On August 6 one brewing firm paid $4,666 for licenses, another $3,000, and a third $1,500. The next day still another brewer deposited his check for $12,000 for seventy-two saloon licenses for his customers. This is a common custom.

It is related that while United States Minister "Sunset" Cox was in Constantinople he and his wife asked a lady of high birth, but a native of the country, to take a drive with them one afternoon, and she consented to go. As soon, however, as they drove on to the street the driver was at once arrested and the carriage ordered back by the police. This was owing to the existence of a law in Constantinople that no native woman of noble family shall be seen driving in public with foreigners or persons not of the Moslem faith.

According to a New York paper a pretty picture was presented at Riverside park a few days ago. A gray-mustached man of medium height, dressed in dark and genteel clothes, was standing in front of Gen. Grant's tomb. He looked for several moments at the plain, brick tomb, and then spoke to the policeman who stands guard in place of the soldiers who have been withdrawn. The visitor carried a small bunch of violets in his hand, and wore a small rosebud in the lappel of his coat. The policeman granted him the privilege to walk up to the tomb, and the stranger tenderly placed his violets on the grave. He turned to walk away, but stopped, and removing the rosebud bent his head over it and placed it with the violets. The visitor was Gen. G. T. Beauregard, the ex-confederate commander, and it is said his eyes were wet as he left the tomb of the dead conqueror.

Philadelphia Times: The statemon that the widow of Gen. Grant had announced her intention of selling the general's favorite place at Long Branch because of the melancholy memories it holds recalls the fact that there are very many happier women in the world now than she. There is of course no other reason why the cottage should be sold, for the proceeds from the sale of the general's memoirs and the trust fund from which a comfortable income is derived, place her far above want of any material kind. Since the general's death Mrs. Grant has lost her former cheerfulness and courage. Socially she has become a recluse, going nowhere, interested in almost nothing and wrapped apperently in melancholy contemplation of the past. Always a robust woman, she still enjoys good health, but it is feared this will give away if she cannot be aroused and her mind diverted. The best of her life went out with the funeral procession which started from Mount McGregor, and she understands this better than any one else in the world.

The old fable that it depends upon whose ox is gored whether a thing is right or wrong, has been applied by the Savannah News, a democratic paper, to the president of the United States. Speaking about the decision of the president that Mr. Delaney must resign the office of district attorney or quit the congressional race, it says: "It is a question whether the President isn't going a little beyond reason when he insists that an official shall resign his office before he can become a candidate for another. A United States District Attorney somewhere in the West was notified a few days ago that if he became a candidate for congress he would have to resign his office. The President doesn't seem to remember that while he was mayor he sought the office of governor, and while he was governor he was candidate for president." The Savannah News must remember that the President has forgotten a great many things since he was elected, and besides that, that in his own case he doesn't purpose practicing what he preaches.

A TEXAS CATACLYSM.

SABINE PASS TOTALLY DESTROYED BY A RAGING RIVER.

Sixty-Five People Known to Have Lost Their Lives—A Hotel Swept into the Bay and All Its Inmates Drowned—Not a House Left in the Vicinity and the Worst Not Known.

CHICAGO, Oct. 14.—The following dispatch was received here Thursday morning:

ORANGE, Tex., Oct. 13.—The town of Sabine Pass was totally destroyed by the water of the Sabine river last night.

There are known to be sixty-five lives lost. Last night during the overflow, a hotel with fifteen or twenty people in it was swept out into the bay and every one of the inmates drowned.

The captain of a schooner from there today says not a house is left in the whole country, and every living thing there was drowned.

A party of men came from Beaumont this evening on a train with the intention of joining the people of Orange and going down to Sabine Pass with a relief boat.

The wires have been down all day both sides of Orange. Sabine Pass is twelve miles below Beaumont, on the Sabine river.

A boat was capsized and all hands drowned. The schooner Silas was washed across the railroad track out on the prairie. A relief party is going there on the steamer Lamar to-night. The schooner Aberdeen reports having rescued S. W. Pomeroy and brother and Columbus Marto in an exhausted condition. It is feared that the worst news has not been heard.

THE QUESTION OF UNITY.

Comes Up in the Episcopal Convention —Thanksgiving Day.

CHICAGO, Oct. 14.—In the Episcopal convention Wednesday the standing committee on the prayer book reported that they had considered the motion respecting the change of the date of Thanksgiving Day to an earlier date, but they thought the deep attachment which clung to the present date would make the change undesirable, and therefore reported adversely.

A lively discussion was brought on by a resolution sending greetings to the convention of the Congregational church, now in session here. The resolution was opposed by Dr. Leffingwell, of Quincy, and others on the ground that the Congregationalists had no standard of belief, and a greeting from this body would be tantamount to acknowledging that the Congregationalists were right on the church issue. Those who favored the resolution said to refuse to pass it would be a sad commentary on the numerous memorials for greater unity among Christians, now before this body. The resolution was finally amended so as to say "Congregational brethren," instead of "Congregational church," and as amended passed.

A lengthy discussion arose on the special order of the day—the resolution offered by Chancellor Judd, abolishing the name "Protestant Episcopal," and the resolution of Rev. Dr. Adams substituting that of "American Catholic." The Judd resolution proposes that the name "Protestant Episcopal" be expunged from the present designation of the church in her laws and formularies, and the designation left simply "The church." It was agreed to first take up the Judd resolution, and until the noon recess it was discussed.

The afternoon session was devoted to the consideration of the question of elevating Rev. Mahlon Norris Gilbert to the assistant bishopric of Minnesota.

Sequel to the Strunk-Hoover Murder.

NEW ALBANY, Ind., Oct. 14.—Some time on Sunday Mrs. Mary Strunk and her mother, Mrs. Sullivan, secretly left New Albany, ostensibly for Pittsburg, taking with them Professor Strunk's two little girls. Professor Strunk effected an entrance Monday morning into the house by climbing a ladder into an upper window, to ascertain if the children had been secreted in the house, and found the whole family gone. The house was left in charge of an old lady, Mrs. Russell, who had locked him out, and had fled when he effected the entrance. Professor Strunk states that he will have possession of his children at any cost, and will investigate as to whether the refugees have gone to Pittsburg, as reported, or to Vincennes, as he thinks.

Mr. Veasey in a Bad Way.

BALTIMORE, Md., Oct. 14.—Mr. I. Parker Veasey, became financially embarrassed some months ago and time seems to be developing new and additional troubles for him. Wednesday he was removed from the position of co-trustee with E. Calvin Williams in the matter of an estate on St. Paul street, for having misappropriated $28,000. Mr. Veasey was also Wednesday cited by the supreme bench to show cause why his name should not be stricken from the roll of attorneys of the court on account of the above discrepancy and proceedings in connection therewith.

The Baltimore & Ohio Railway.

BALTIMORE, Oct. 14.—At the monthly meeting of the Baltimore & Ohio railway directors Wednesday, President Garrett stated that during the past six months the earnings of the main stem and branches were $1,404,182 beyond those of the corresponding six months of last year. A 4 per cent. dividend on the stock of the main stem for the half year ended Sept. 30, 1886, and a 5 per cent. dividend for the same term on the stock of the Washington branch were recommended and adopted.

Colonizing British America with Poles.

MT. CARMEL, Pa., Oct. 14.—Count Estorhazy, the Polish nobleman who has been in the coal regions for three months working in the interest of his countrymen, has met with unexpected success in inducing the Polish miners to emigrate to the agricultural section of British America. The 200 who left this region two weeks ago have written to their friends praising the country, and another colony is now being made up. A number of Hungarians will also join the party.

A Parricidal Veteran.

DETROIT, Oct. 14.—Samuel Haddon, a crippled soldier of Byron, Shiawassee county, quarreled with his father, Abraham Haddon, a farmer, Tuesday night, and shot him in five places, each shot being sufficient to cause death. Mrs. Haddon, the wife of the victim, was the only witness. She agrees with the son that the deed was done in self-defense. Young Haddon is in jail at Corunna.

Given Time and a Heavy Discount.

NEW YORK, Oct. 14.—The creditors of Cary & Moen, wire manufacturers, decided Wednesday to settle on a basis of 55 per cent., and grant sufficient time for payment. The liabilities were $283,000. The business will be continued.

Greatly Excited

Not a few of the citizens of Janesville have recently become greatly excited over the astonishing facts, that several of their friends who had been pronounced by their physicians as incurable and beyond hope—suffering with that dreaded monster Consumption—have been completely cured by Dr King's New Discovery for Consumption, the only remedy that does positively cure all throat and lung diseases, Coughs, Colds, Asthma and Bronchitis. Trial bottle free at Frank Sherer & Co's Drug Store, large bottles $1.

THE CONGREGATIONAL COUNCIL.

The Triennial Meeting Commenced at Chicago—First Day's Business.

CHICAGO, Oct. 14.—About 400 delegates were present at Union Park church Wednesday morning when the triennial council of the Congregational church assembled. Hon. Mr. Capen called the council to order and a committee on credentials was appointed, which not being ready to report at noon, the council adjourned until 2 p. m. In the afternoon the credentials committee reported and the following officers were elected for the ensuing three years: Lorin A. Cooke, of Connecticut, moderator; Rev. Dr. J. K. McLean, first assistant moderator; Rev. Benjamin A. Jones (colored), second assistant moderator, holding over from previous convention; Rev. W. H. Moore, of Connecticut, registrar; Rev. Henry A. Hazen, of Boston, secretary; Rev. L. Perrin, of Connecticut, treasurer.

In the evening the council sermon was delivered by Rev. Professor Fisher, of Yale college, from the words of St. Paul: "Other foundation hath no man laid than that which is laid—Christ Jesus." The sermon was a review of the relation of science to Christianity.

The Anti-Saloon Republicans.

CHICAGO, Oct. 14.—The national committee of anti-saloon Republicans has issued an address, bearing date Chicago, Oct. 13, in which all enemies of the liquor traffic are urged to unite with the Republican party in the suppression of the saloon. It is urged that the drinking habit is directly fostered and encouraged by the distillers, brewers, wholesale dealers, and saloonkeepers, whose object is to stimulate the taste for liquor in order that they may thrive upon the curse thus inflicted. The address accuses the saloon and liquor interest of banding together to defeat all restrictive measures, even to the extent of resorting to arson and assassination, and that money is freely employed to control primaries, to carry elections by the purchase of votes, to prevent restrictive legislation by bribery, and to obstruct the course of justice by tampering with juries.

MISCELLANEOUS.

UTTERLY DISCOURAGED

...presses the feeling of many victims of rheumatism, neuralgia, sciatica and nervous or sick headache. Having tried numberless so-called remedies, and physicians of all schools, without relief, there seems to be no hope. Many such have as a last resort tried Athlophoros, and to their surprise and joy have found that it was a *safe, sure* and *quick cure*. Athlophoros is not an experiment; thousands have been cured by its use and they testify as to its value.

William Blair, train dispatcher of the D. G. H. & M. railroad, Detroit, Mich., says: "For about fifteen years I have been almost a constant sufferer from neuralgia, many times unfitting me for my business duties as well as making life a burden. The strain on my nerves was so great that I nearly lost the use of one of my eyes. I was suffering very much, and had never succeeded in getting anything that would give me but temporary relief, and that was of very short duration. The first bottle of Athlophoros made a very decided change, in fact I had some relief from a few doses. I probably have used a dozen bottles, and it is six months since I had a severe attack. I keep the medicine on hand all the time; I have some at my office and some at home, so that in case I should need it I am well prepared. I have had times during my use of this medicine that my neuralgia would come on during my business hours, and by having the medicine close at hand a dose or two would drive the neuralgia away. For neuralgia Athlophoros is undoubtedly the best medicine, and I think I ought to know, as I have during the many years that I have suffered had occasion to try about every thing in the line of medicines for this complaint."

Every druggist should keep Athlophoros and Athlophoros Pills, but where they cannot be bought of the druggist the Athlophoros Co., 112 Wall St., New York, will send either (carriage paid) on receipt of regular price, which is $1.00 per bottle for Athlophoros and 50c. for Pills.

For liver and kidney diseases, dyspepsia, indigestion, weakness, nervous debility, diseases of women, constipation, headache, impure blood, &c., Athlophoros Pills are unequaled. 7

The following letter is from a former resident of Lima, Rock county. Since it was written we have sent Mr. Teetshorn about thirty more operators.

GREEN BAY, WINONA & ST. PAUL RAILROAD
Train Dispatcher's Office,
GREEN BAY WIS., SEPT 22, 1885.

Valentine Bros.:

DEAR SIRS: In reply to yours of the 16th inst., would say that during the past ten years this company has employed about 150 of your graduates. About thirty-five of them are now in its employ as agents and operator, giving good satisfaction, the others have left us at different times to accept positions on other railroads. We shall continue to send to you for operators when ever we need them. In view of the certainty of a great revival of railroad building in 1886, I know of no business which offers equal opportunities for advancement. Being myself a graduate of your school, I heartily recommend it to all who may wish to learn telegraphy

Yours truly,
E. E. TEETSHORN, Chief Train Dispatcher.

An examination of our school will convince one that our course of instruction is far more valuable than a commercial college course, because we teach our students a trade and then place where they have every opportunity to work their way upward. We have supplied more than a thousand operators for the Western Union Telegraph Company, and as many more for different Railroad Companies. Call and see us or write for our circulars.

HIS LAST JOURNEY.

REMAINS OF CHIEF JUSTICE CHASE SENT TO OHIO.

A Distinguished Company Accompanies the Casket to the Train at the Capital—Death of Judge Key—His Interest in the Weil Claim—A Treaty Revoked—National Capital Notes.

WASHINGTON CITY, Oct. 14.—The remains of Chief Justice Salmon P. Chase left Washington by a special train, which preceded the regular 3:30 train, Wednesday afternoon, for Cincinnati. An assemblage of distinguished people accompanied the remains in procession from the cemetery to the station. Among them were a committee of congress, of which Representative Butterworth is chairman and Representatives Little and Outhwaite are members; a committee of the supreme court of the United States, consisting of the chief

WILLIAM W. CORCORAN.

justice and Associate Justices Blatchford, Matthews and Woods; a committee of the Bar association; a committee consisting of prominent colored men, with whom the distinguished dead had personal friendly relations; Attorney General Garland, representing the president; Senor Romero, the Mexican minister; Whitelaw Reid and Hiram Barney (two of the pall-bearers of the original funeral), W. W. Corcoran, and many local people of note.

There was no ceremonial in Washington. The remains, which were deposited thirteen years ago in Oak Hill cemetery, were disinterred Monday and lay in their casket in the middle of the little Gothic chapel in the cemetery. Around them the assemblage stood with uncovered heads while the body guard was marshaled to its place, and then forming

in the funeral procession, followed them slowly to the hearse. Mrs. Chase and her daughter were escorted to and from the carriage by Gen. Sheridan. The body guard was composed of colored men, among whom were Edward Brown, who for many years served Chief Justice Chase as coachman, William Jayco, his messenger, who was with him when he died, and Howard Williams, many years a trusted servant of the family. The train was made of one combination car for the remains and its guard, President Garrett's private car for Mrs. Chase and her daughter, and two Pullman cars for the committees and others who accompany the remains to Cincinnati. Rev. Dr. John Hall, of New York, who is to deliver the oration in Music hall, in Cincinnati, joined the cortege at the station.

MANNING, BAYARD AND WHITNEY

All Back Again at Their Posts at the Capital.

WASHINGTON CITY, Oct. 14.—Secretary Manning reached the treasury building at noon Wednesday looking fairly well, but the evidences of the serious illness through which he has passed were unmistakable. As soon as he arrived at his office he received a few of the officials, and then began the perusal of his mail. It is understood that he will not assume his official duties for some little time, and that very few callers will be received. There were a great many people waiting to see him, but admittance was denied in nearly every case.

Secretaries Bayard and Whitney were at their respective offices early Wednesday morning, and were besieged by callers all day. Secretary Bayard seems much improved by his brief respite from official cares, the worried look has disappeared, and his face is brighter and more cheerful looking. Large numbers of people interested in the affairs of the Washington navy yard were received by Secretary Whitney. The secretary is known as a sailor, and as full of work as ever. For the first time since Secretary Manning's illness all of the president's advisers are now together in Washington.

Death of a Noted Claimant.

WASHINGTON CITY, Oct. 14.—Judge J. J. Key, of Georgetown, who has just died, was a former resident of Indiana. He was in late years chiefly known to fame as one of the largest claimants by assignment under the notorious Weil claim against Mexico. The award was for $487,810. Weil is dead, and his widow has got nothing yet and whether she or those who are still unpaid ever get anything depends on whether the case is reopened, which an effort is being made to do. Mr. Key's claim, still unpaid, is for about $70,000, and Senators Logan and Voorhees are using their influence to defeat the reopening of the case, and will probably succeed.

One Good Turn Deserves Another.

WASHINGTON CITY, Oct. 14.—The president has issued a proclamation revoking President Arthur's proclamation of Feb. 14, 1884, which suspended the collection of discriminating customs levied in the United States on goods brought under the Spanish flag from Cuba and Porto Rico. This action is taken because Spain has neglected to perform her part of the agreement by taking off certain port duties levied on United States shipping. The agreement was made at Madrid in 1884.

Board of Pension Appeals Increased.

WASHINGTON CITY, Oct. 14.—Secretary Lamar Wednesday appointed, at an annual salary of $2,000, six additional members of the board of pension appeals as follows: Col. Robert F. Hill of Michigan, Capt. James J. Judson of New York, Capt. Patrick J. Rogers of New York, Robert D. Graham of North Carolina, S. W. Rittenhouse of the District of Columbia, and George Baber of Kentucky.

Important Military Places Filled.

WASHINGTON CITY, Oct. 14.—The appointment of Col. J. C. Duane to be chief of engineers of the United States army, with the rank of brigadier general, was announced Wednesday. Also Col. O. B. Wilcox, of the Twelfth infantry, to be brigadier general, in place of Gen. J. H. Potter, retired. Gen Wilcox has been ordered to Fort Leavenworth.

The Canadian Officers Apologized.

WASHINGTON CITY, Oct. 14.—The state department is informed that the pulling down of the American flag on a schooner seized at Shelburne was the result of a misunderstanding, for which the Canadian officers have apologized.

VERY POOR PROGRESS

MAKING IN THE SETTLEMENT OF THE STOCK YARDS STRIKE.

Difficulty in Getting a Conference with the Packers—The Men Insist on Eight Hours Regardless of Wages—Election of Officers at Richmond—An Early Adjournment Looked for—Trouble at Minneapolis and Elsewhere.

CHICAGO, Oct. 14.—The great strike at the stock yards is evidently no nearer a settlement than it was the day after it was begun. The reason for this is traceable to but one source, the reluctance of the packers, or a majority of them, to treat with Messrs. Butler and Barry, who were sent here by the Richmond convention of the Knights of Labor to bring about an amicable adjustment of the differences between the packers and the strikers. The packers say they have no organization and are only acting in concert in this emergency because they have a mutual interest in the result. Consequently they have held no meetings, and neither Mr. Barry nor Mr. Butler has been able to see more than a single individual at a time.

It was given out Wednesday forenoon that the packers would hold a meeting in the board of trade and would receive the Knights of Labor committee with a view to ending the strike, but the meeting was not held, although the representatives of the strikers were on hand at the appointed hour. Rather discouraged at their lack of success, they returned to the stock yards, and subsequently Mr. Barry had an interview with Mr. Marshall, of the Chicago Packing and Provision company.

After this interview Mr. Barry said: "We have not accomplished anything as yet, as we have not been able to get the packers together for a conference. I have not any doubt that the strike will be ended amicably and that the men will return to work just as soon as we can make known to all the packers their demands. The gentlemen I have seen so far have all taken kindly to them and have almost promised me their assistance in the matter. The men want eight hours a day, whether they get eight or ten hours' pay, and are willing to work as many extra hours as is desired. In brief, they want the eight-hour day an established thing. They have found it a most desirable change from ten hours, and do not wish to return to the old system."

At the stock yards everything was quiet during the day. Cragin & Co., one of the packing firms that stopped when the strike began, have resumed work on the eight-hour system.

About 6 o'clock Wednesday morning 200 Poles from Kansas City, Omaha, and Milwaukee were brought to Armour's packing-house by the Fort Wayne road, and immediately went to work. This makes about 500 men who are at work at Armour's. They are working ten hours and receiving ten hours' pay. A large number of new men have taken the strikers' places at Fowler's, and are working with closed doors.

KNIGHTS ELECT OFFICERS.

Powderly and Griffiths Re-Elected—Work on the Constitution.

RICHMOND, Va., Oct. 14.—Constitutional revision was the order of business at the K. of L. convention Wednesday morning, and good progress was made, the most important amendment adopted being one making the terms of office two years instead of one. After working at the revision report for a couple of hours that business was suspended and election of officers proceeded with. Grand Master Workman Powderly and Grand Master Foreman Griffiths were reelected, no opposing candidates being named, and adjournment was taken until afternoon. In the afternoon the office of secretary-treasury was dropped, and Charles H. Litchman elected secretary and Frederick Turner treasurer. This business took up the entire afternoon, being stretched out by nominating speeches and acknowledgments of the officers-elect. The work of revision of the constitution is practically completed, as those questions not acted upon will be referred to the local assemblies. Mr. Powderly says the convention will adjourn sine die Saturday morning, and other knights coincide in this opinion.

"Was there much scramble for the offices?" a knight was asked.

"I never saw the like of it," was the quick reply. "During the past thirty years I have attended a great many political and other conventions, elections and caucuses, but I never saw more wire-pulling than I have seen here. It was a good lot of cat-hauling, button-holing and electioneering, and not a little feeling has arisen over it all. For my part, I think it was very wise to extend the tenure of office to two years. The offices would destroy our organization in a short time if we had annual elections. You see we labor at a greater disadvantage than political parties on account of patronage, as we have a smaller per cent. of it in proportion to membership and a greater per cent. of ambitious men."

AGAINST THE OLEO BILL.

A Circular Distributed Among the Knights—Who Pays the Tax?

RICHMOND, Va., Oct. 14.—A circular entitled "Resolution Equalizing Oleomargarine," and containing about 4,000 words, was distributed Wednesday night among the Knights of Labor. It smacks of the work of oleomargarine manufacturers, yet declares that the oleomargarine bill passed at the last session of congress "was gotten up and put through for the benefit of the Armours and millionaire dairymen of New York." It contains a resolution offered in the convention on Saturday last and referred to the proper committee saying "That while we approve of the general objects of the law, we demand the repeal of all its monopolistic, obnoxious and prohibitory clauses." The circular is addressed to the Knights of Labor, is largely composed of analyses showing the wholesome and healthy composition of oleomargarine; a comparison of its tax with that on tobacco and whisky, and closes with this statement:

"You pay the tax. The resolution contains no political or partisan appeal. It is for the benefit for you and your brethren in the great cause of labor. Pass it."

Train Men Strike at Minneapolis.

MINNEAPOLIS, Minn., Oct. 14.—Wednesday morning the yard crews, switchmen, etc., of the Minneapolis, St. Louis & Manitoba, Northern Pacific, and Chicago, Minneapolis & Omaha railroads quit work without giving notice to any of the roads. The men claim that they are doing the same work for which yardmen in Chicago receive an average of $10 per month more. The officials of the roads all state that no grievance has been presented by the men, and that the strike is engineered by an outside union. The switchmen in the Milwaukee road's employ have not as yet struck, but are working under the protection of the company's special police, which has arrived from Chicago and will remain here pending a settlement of the difficulty. The switchmen on all roads in St. Paul, it is expected, will also go out. There are strong hopes expressed, however, that a conference will be had and the difficulty settled in a short time.

Great Lock-Out of Knitters.

ALBANY, N. Y., Oct. 14.—A majority of the members of the National association of knit good manufacturers having voted in favor thereof, fifty-nine knitting mills will shut down on Saturday, and 25,000 operatives be rendered idle. The mills affected are in Cohoes, Waterford, Hudson, Schenectady, Little Falls, Philmont, Amsterdam and Valatie. Each member of the association is under $5,000 bonds to abide by the result of the vote.

Ordered to Work by the Knights.

PHILADELPHIA, Oct. 14.—The 100 employes of Greenwood & Brult, dyers, at Frankford, who recently went on strike, resumed work Wednesday under instructions from the local assembly of the Knights of Labor.

LAUNDRYMEN BOYCOTT AH SIN.

No Goods To Be Sold to Chinese on Pain of $500 Fine.

CINCINNATI, Oct. 14.—The national convention of laundrymen met at 10 o'clock Wednesday morning. The Chinese question was too much for the convention, and after it had been referred to the grievance committee the following officers were elected: President, William Lawrence, Minneapolis, Minn.; vice presidents—first, O. K. Reed, Philadelphia; second, Ira Godfrey, Washington, D. C.; third, Maj. Taylor, Indianapolis, Ind; fourth, C. J. Lockwood; Evansville, Ind.; secretary, J. R. Purchase, Minneapolis, Minn.; treasurer, A. F. Doremus, Chicago.

The first thing in the afternoon was the report of the grievance committee. The substance of their finding was that the charges that had been preferred against certain firms, accusing them of selling to Chinese had been sustained, and that hereafter each manufacturer that is a member of the association shall agree to not sell any more goods to Chinamen, and that each one be required to furnish a satisfactory bond in the sum of $500 for the faithful keeping of the promise. The agreement is that for every sale made $500 is to be forfeited. The debate on the report was very warm.

Western Union Statement.

NEW YORK, Oct. 14.—The regular annual meeting of stockholders of the Western Union Telegraph company was held at the company's offices in the Western Union building at 12:30 p. m. Wednesday. Samuel Sloan acted as chairman. The old board of directors was re-elected, with the exception of the following: John G. Moore, Henry B. Hyde, and Austin Corbin in place of Harrison Durkee, deceased; Frank Work and Hugh J. Jewett. The statement of the president to the stockholders shows revenues $16,208,625, a decrease from last year of $1,068,195; expenses $12,278,793, an increase of $512,877; profits $3,929,855, a decrease of $1,780,000. The profits were expended as follows: For dividends $3,939,573, a decrease of $1,560,752; for interest $394,641; a decrease of $812, and for sinking funds of $20,911.

A Comment on American Politics.

LONDON, Oct. 14.—The Times Wednesday comments upon the unexampled torpor which has fallen upon politics in America. It says the Republican revolt which brought President Cleveland into power was in its way as remarkable as the national uprising in England against Mr. Gladstone's abuse of the power and confidence reposed in him. In both cases the wrench was severe and faced with the utmost reluctance, but in both cases it resulted in moral emancipation. The appearance of Henry George as a candidate for mayor of New York, The Times says, marks the introduction into America of the characteristics of Parnellism. "The Americans tell us," the article continues, "that this feeling with anarchy will not be tolerated, and we hope for the sake of civilization and the world's prosperity that it will not be."

Rock River Conference.

CHICAGO, Oct. 14.—The business of Rock River conference was concluded Wednesday, and all the appointments made. The total membership of the conference was stated at 27,701; churches, 290, valued at $2,413,314; parsonages, 144, valued at $265,950; indebtedness on church property, $100,622. There are 318 Sunday schools, with nearly 41,000 pupils. The total collections for missions were $25,149, and for ministerial support $217,565. The presiding elders appointed were as follows: Joliet district, N. H. Axtell; Chicago, C. G. Truesdell; Dixon, Lewis Curtis; Aurora, W. C. Dandy; Freeport, W. C. Willing; Rockford, G. R. Vanhorn.

A Bad Priest Arrested.

BOSTON, Oct. 14.—Rev. Father Lawrence W. Murphy, of Cleveland, a Roman Catholic priest, was arrested Wednesday for the larceny of a $3 coat. He acknowledged having been on an extended spree and that a woman's sack, found in his possession, had been taken by him out of revenge from a strange woman with whom he had stopped at the Boston hotel Tuesday night and who had tried to beat him out of $10. Father Murphy said he had been suspended by the archbishop, but did not state on what ground. Two weeks ago he jumped a two weeks' board bill of $50 at the Quincy house.

Got into Debt and Skipped.

CHICAGO, Oct. 14.—Freeman Fearnley, the president of the "Fearnley Refrigerator line," has been missing several days, and it is alleged that he is indebted to various railroad corporations here in the sum of $15,000 or $20,000. Fearnley has been operating refrigerator-cars over the Illinois Central, Chicago & Eastern Illinois, Cairo, Vincennes & Chicago and other roads for some time, but of late has done scarcely any business, as most of the companies had ruled him off their roads on account of his slow settlements. His property here has been attached.

A Successful Cotton Picker.

COLUMBIA, S. C., Oct. 14.—The first practical trial of the Mason cotton harvester took place Wednesday in a field of cotton at Sumters in the presence of committees of the New York and Charleston cotton exchanges, representatives of the department of agriculture and other persons interested in cotton culture and manufacture. The machine picked cotton from the field at the rate of 180 pounds per hour, without injury to bolls or plants. The test proved eminently satisfactory in every respect.

The Contest on Hendrick's Will.

INDIANAPOLIS, Oct. 14.—The dispatch regarding the contest of the late vice president's will recently published is a mistake. The court has been notified that certain parties in New York will contest the will of Mrs. Jane P. Hendricks, mother of the vice president, who died some months before he did. Mrs. Hendricks inherits her husband's property, and no contest is anticipated.

Wants to Make Another Jump.

ROCHESTER, N. Y., Oct. 14.—Lawrence Donovan, the man who acquired much notoriety recently by jumping from the Brooklyn bridge, arrived in this city Wednesday. He announces his intention of repeating Sam Patch's feat of jumping over the Genesee falls in this city, if a purse of $500 is raised for him.

A Famous Shoplifter Broke Jail.

CLEVELAND, Ohio, Oct. 14.—Mollie Hoy, the famous shoplifter who was arrested in this city a few weeks ago while in the act of stealing a $300 shawl, made her escape from the county jail Wednesday evening by removing some brick from alongside of a window and crawling out. The neatness and dispatch with which the job was done shows that she is a slippery customer. So far the detectives have failed to find any clue of her whereabouts.

Death of Logan's Chief of Staff.

RICHON, D. T., Oct. 14.—Maj. John R. Hotaling, chief of Gen. Logan's staff during the war, died here Tuesday night. The remains will be taken to Rochelle, Ills., for interment. He was taken sick in Minneapolis in July, where he was employed by Mr. Nind as lecturer of the panorama of the battle of Atlanta; he came home to be cared for, and, as he expressed it, "die among his family and friends."

Heavy Demand for Small Coin.

PHILADELPHIA, Oct. 14.—The superintendent of the mint reports that the demand for small coin is so great that though the presses are kept running night and day it is impossible to keep pace with the orders that come from all parts of the country.

New Bridge Contracted for.

MILWAUKEE, Wis., Oct. 14.—The Chicago, Milwaukee & St. Paul railway has contracted for a new iron bridge across the Missouri river three miles south of Kansas City. The price is $750,000.

What True Merit Will Do.

The unprecedented sale of *Boschee's German Syrup* within a few years, has astonished the world. It is without doubt the safest and best remedy ever discovered for the speedy and effectual cure of Coughs, Colds and the severest Lung troubles. It acts on an entirely different principle from the usual prescriptions given by physicians, as it does cause dry up a Cough and leave the disease still in the system, but on the contrary removes the *cause* of the trouble. It nals the parts affected and leaves them k a purely healthy condition. A bottle ept in the house for use when the diseases make their appearance, will save doctor's bills and a long spell of serious illness. A trial will convince you of these facts. It is positively sold by all druggists and general dealers in the land. Price, 75 cts., large bottles.

—THE GAZETTE IS ONE OF THE LARGEST AND BEST DAILIES PUBLISHED IN THE STATE; THE SUBSCRIPTION PRICE IS ONLY 12 CENTS A WEEK DELIVERED TO ANY PART OF THE CITY.

Hewitt Reserves His Decision.

NEW YORK, Oct. 14.—The Tammany committee appointed to notify Hon. A. S. Hewitt of his nomination for mayor performed that duty Wednesday, and were told by Mr. Hewitt that he would prepare a suitable response containing his final decision in the matter. The document is expected to be ready by Friday or Saturday, after the county Democracy's convention has been held. Mr. Hewitt has given no intimation whatever as to what his decision is. The Business Men's association has indorsed the nomination of Mr. Hewitt for mayor.

Shopiere.

—The annual meeting of the Shopiere branch of the Rock county Bible society will be held at the Congregational church next Sunday evening. Rev. T. S. Oadams will deliver an address.

—Sears Hawley, of Beloit, has been spending a few days with relatives in the village.

—Mr. Bell and family, of Beloit, spent a part of the Sabbath at the home of his mother. We were thankful for a short call.

—The band boys were out on a serenading tour last Wednesday night, and on their trip called at the home of the jotter, and gave some of their finest music, for which, accept our thanks. Mr. and Mrs. Jotter will always have an open house for you, boys, whenever you see fit to come.

—Like many others, "we had business up to Clinton," Saturday afternoon, so we stopped at the Hoover farm to see the horse race between Jerome Shimeall's fast horse and Mr. Russell's trotter. The race was for $25, best two in three mile heats which was won by Shimeall's horse taking the two first heats without any trouble. Time, 3:9 and 3:12. Turtle was well represented especially the south part of the town, some of them having their trotting stock with them, among the number was the noted Charley Gault with his $3,000 horse with a big blanket on, and his legs wound up with binding twine. It is said Charley never fails to get there, even if he has to go across lots. There is no one thing that will draw a big crowd together like a free horse race. It might not be a bad scheme for Clinton merchants to get up a race every week, people would all "have business" up to that town on that day.

—The following persons were chosen as delegates to the senatorial convention next Friday: Thomas Holmes, Geo. H. Crosby, Wm. Thom and A. D. Parker. The delegates were not instructed. There does not seem to be any boom for any particular candidate.

—Would it not be a good plan for the people of our village to give the band boys a good rousing benefit by attending some concert which they might get up. The boys have been to a large expense and it takes lots of time for practice. Let every one think of this and if an opportunity should offer, give the boys a big turn out.

—News has been received of the death of Mr. John Newkirk, of Amsterdam, N. Y. Mr. Newkirk was one of the early settlers in this community and went back to his old home in New York state some two years ago.

—Some of the prominent republicans in this vicinity, who are very active in support of Mr. Stoney for the assembly, have received letters from the state central committee urging them to withdraw and support Mr. Barthoff, the regular nominee. We predict that the answer to these letters will be written in no dead language, which cannot be understood, but will give the committee the facts as they are and that the voters of the Third assembly district propose to attend to their own interests.

Facts Worth Knowing.

In all diseases of the nasal mucous membrane the remedy used must be non-irritating. The medical profession has been slow to learn this. Nothing satisfactory can be accomplished with douches, snuffs, powders, syringes, astringents or any similar application, because they are all irritating, do not thoroughly reach the affected surfaces and should be abandoned as worse than failures. A multitude of persons who had for years borne all the worry and pain that catarrh can inflict testify to radical and permanent cures wrought by Ely's Cream Balm.

We would say to those afflicted with chronic diseases, that we believe that Dr. F. B. Brewer, who visits this city regularly every two months, is a person on whom you can rely. He has made visits regularly for years, and the large number of patients whom he has treated will attest that he is a first class physician. Invalids who are seeking for relief from any Chronic ailment will not lose anything by consulting Dr. Brewer, who is to be at the Myers house, Saturday, the 23rd day of October. DEAD THREE THOUSAND YEARS.

A Ghastly Sensation at Pittsburg Proves To Be a Very Ancient Corpse.

PITTSBURG, Oct. 14.—Wednesday afternoon intense excitement was caused in this and Allegheny City by the announcement that the remains of a woman, in a nude condition, had been found in a box at the Allegheny City garbage dumps. The evening papers gave much space to the "ghastly find," alleging that marks on the box indicated its recent arrival in New York by a Pacific mail steamer, and that it had been forwarded to this city by the Adams Express company. In rolling over the side of the dump the box was broken and the remains rolled out into the water. The body was that of a medium-sized person and was evidently that of a woman. The hair was dark and long, the flesh was dry and clung tight to the bones, with the appearance of having undergone a special preparation for shipment. The head was twisted to one side, the right arm was torn from the socket, the legs also being torn from the body, apparently by violence, for the purpose of crowding the body into the box.

Detectives were summoned and the remains were carefully restored to the heavy oak box and hauled to the Allegheny police station and the coroner notified to hold an inquest. An effort was then made to find the colored ash-hauler who had deposited the box at the river. Late in the afternoon he was apprehended and created the utmost consternation by the statement that he had taken the box from the ash vault at the Pittsburg female college. Thither the detectives rushed with all possible speed and excitedly summoned the Rev. Dr. I. C. Pershing, ex-president of the college. To the reverend gentleman the detectives unfolded the details of the terrible find, how it had been traced to that institution, and demanded an explanation.

Dr. Pershing was speechless, and it was only by the greatest effort that he could find breath to exclaim: "Mummy." Light began to dawn on the minds of the detectives, and as soon as their mirth could be controlled an explanation followed. Several years ago a missionary friend of the doctor had sent him a fine specimen of a female mummy from Peru, in South America, to be placed in the college museum. It had been on exhibition for a long time, and had been removed to the cellar while the museum was being repaired. While in the cellar rats had so defaced it that it could not again be placed on exhibition, and it had been ordered removed. The "ghastly find," which created so much excitement, is supposed to be 3,000 years old.

WANDERINGS OF A WAITER.

Chophouse Attendants Who Are Perpetually on the Move—In New York City.

The average waiter must do a great deal of wandering in the course of his lifetime. In the very swell restaurants a good waiter may keep his place for years, but those of more modest standing seem to be perpetually on the move. The men who used to bring me my breakfast and dinner at this or that hotel now serve me with beer at the concert gardens, and old pot bearers from the concert gardens greet me when I drop in to eat my lunch. I have for years kept track of the movements of a veteran chophouse attendant, whom I originally tipped in a John street shrine to the stomach. I have been served by him from Rockaway to High Bridge; he waited on me at the centennial in Philadelphia, and at Washington when Garfield was inaugurated. The other night I came across him again in an uptown resort, looking not a day older than when he set my deviled kidney and my pewter of Bass before me on the day I made his acquaintance. He fetched me my lager and my sandwich with the same old flourish, and gave me greeting with the same familiar civility. This man is as good a waiter as you would care to be served by. He is quick, sensible and civil; just the sort of person one would fancy getting a place and keeping it. I remarked as much to him, and he said:

"Don't you sometimes get tired of eating the same dishes at the same place, sir? Well, I get tired of serving them, too. When I'm weary of chops and ale I take to beer and sandwiches, and when I've got all I want of them I go to handling French dishes. When I'm tired in New York I make a trip to Boston or Philadelphia or Washington, or take a job at the seaside. There's nothing like change, sir, to keep a man fresh and his ideas bright, no matter how small the change is."

"But how is it," I asked, "that you always come back to New York?"

"Because New York is the only place a man can live in, after all, sir. Away from here a waiter has to rely almost entirely on his wages. The bosses have cut these down to next to nothing on account of the tips, but there isn't enough tipping done outside of New York to make life worth living. I can pick up more here in a week than I'd get anywhere else in a month. Even the summer hotels can't hold a candle to New York for tips, if you only strike the right place."—Alfred Trumble in New York News.

The subject of this sketch died at her home in Johnstown Center, Wednesday morning, September 29. She was born at Lanenberg, New Hampshire, April 11, 1800. The deceased was one of the pioneers of Rock county, she having come here with her husband, William Virgin, in the fall of 1837, and settled in Johnstown where she always lived. Briefiets.

—Stoves go up and thermometers go down.

—This morning was hard on umbrellas and awnings.

—Street cars took their places among the necessities to-day.

—Nearly one hundred members is what the National Union now boasts

—Republican senatorial convention at the court house to-morrow at one o'clock p. m.

—Janesville Commandery No. 2, Knights Templar, regular semi-monthly conclave this evening at Masonic hall.

—Odd Fellows lodges Nos. 14 and 90 will meet in special session at eight o'clock this evening. Important business will be considered, and a full attendance is requested.

—As the "Afton" was being backed into the northwestern freight yard yesterday a switch, misplaced by one of the train hands, sent the coach bumping over the ties. No damage was done.

—The stone cross walk between Hall & Farnsworth's and T. J. Zeigler's stores might as well be retired from service so far as the good it does in muddy weather is concerned.

—The meeting of the Caledonian society which was to be held this evening at the home of Hon. Andrew Barlass in the town of Harmony, is postponed on account of the weather.

—When the cash railway is put up and the trio of electric lights shine out from the front and interior of his store, F. S. Winslow will have a place that is very well arranged for doing a large business.

—The wind this morning made doors slam with great enthusiasm. One of them at the American Express office went into the business with such good will that a large light of plate glass was demolished.

—Base ball for fifty dollars a side will be the attraction at the fair grounds tomorrow afternoon at three o'clock. The game is to be between the resident members of the Northwestern league and the Janesville Mutuals.

—Work on the cut off was stopped this morning by the rain. If much stormy weather comes, the grading will be considerably held back, but otherwise it is thought that this month will see the entire line ready for track-laying.

—At the opera house chaos still reigns, although the gallery, balcony and boxes are beginning to assume their rightful shapes. The parquette floor has been almost entirely cut out and the new one that is being put in dips down nearly four feet below the former level.

—The fire escapes at the Myers House will make quite a difference in the appearance of the interior as well as of the exterior. There will be a wide hallway extending to each escape and in order to provide for this several rooms must be entirely given up.

—A Stevens Point dispatch to the Milwaukee Sentinel states that a jury in the Hazeltine murder case was secured at 4 o'clock yesterday afternoon, and that the attorneys for the state would open the case at 8 o'clock this morning. The Janesville witnesses will probably not be wanted before next week.

—After a three week's illness Phineas W. Case breathed his last at his home in the fourth ward this morning. He leaves a wife and three children; and his death while just in the prime of life will be deeply deplored. The time of the funeral is not yet decided upon, but will be announced later.

—Judge Patten began his charge to the jury to-day, in the case of George Munn, the Beloit rioter. Roberts, the college student who could not be found for so long, came up this morning, but as the testimony was already finished, he was not allowed to take the stand. The arguments on both sides were made during the forenoon.

—There is likely to be a large attendance at the dance of the Young Men's Quadrille Club in the Rifles' armory this evening. The first party was a pronounced success and the one this evening will be even more enjoyable than that. No tickets are sold except upon the presentation of an invitation, and the objectionable features seen at most public parties are thus done away with.

—Rock county has among her other institution a poor farm, but it isn't such a very poor farm either. This year Superintendent Allen raised twelve hundred bushels of potatoes from five acres of newly broken land. One of the potatoes that was among those brought to town weighed two pounds and four ounces, and what the results would have been had there been an attempt to grow especially for size, is hard to tell.

—The Anchor Lodge I. O. G. T., Orfordville, Wis., will give their first public entertainment Tuesday evening, October 19, 1886, in Baptist church, Orfordville. A good programme has been prepared, mostly a reproduction of what has been given in their regular meetings for the good of order. All are invited to attend. Admission 10 and 15 cents, respectively, child and adults.

—The storm of to-day has enabled the New York Saving store to complete their artistic display, and the store now presents a very attractive appearance. The sales of to-morrow and Saturday will undoubtedly be heavy and ladies in search of bargains will do well to call early. Don't fail to go in and see the store, even if you don't buy any goods. The ten cent checks are given out to every customer.

—"Uncle Tom. Lappin" is good natured to-day. He called at the postoffice this afternoon and one of the clerks handed him a letter addressed to a person in the city and in addition to the address was the following:—"Care of Thomas Lappin, Esq. He lives on the east Bluff on south side of the park, and is an Irishman." "Uncle Tom" says if that fellow ever comes within his jurisdiction, he will make another item for the newspapers.

—These baggage men do queer things sometimes. Ten days ago the wife of a prominent Janesville business man returned home from New York, but when she got here her trunk that had started on the same train was nowhere to be seen. To-day the news came that a trunk answering to the description of the missing one was somewhere down in Ohio looking for an owner. In changing from one train to another there had evidently been a mistake and hence the delay.

—Mr. and Mrs. E. Leavitt, of the first ward, entertained about fifty of their friends last evening with old time hospitality. The rain in the early part of the evening prevented a large number of the invited guests from attending, but those who were present enjoyed the evening most heartily. The host and hostess have long enjoyed an enviable reputation for hospitality, and the gathering at their pleasant home last evening will be remembered with pleasure by all who were present.

—Railroad fares go down almost as fast as coal goes up. To-morrow the Northwestern road will begin selling tickets at the reduced rates that were decided upon at the meeting in Chicago. The fare between all Wisconsin and Illinois points is to be three cents a mile. Round trip prices will be just double those for single trips, no reduction being made except on excursion tickets. The special train to Milwaukee, spoken of last evening will leave here about 7:45 a. m. and will leave Milwaukee at 6:25 p. m., reaching here at nine o'clock. The tickets, which will be sold for one dollar and seventy cents, will be good until Monday.

—The Mayville (Dakota) Tribune: A hunting party composed of Capt. Skavlem, Magnus Anderson, Ole Swaberg and Frank Ohlquist went out to the hills near Golden Lake last Friday on a goose hunt. The party returned Sunday afternoon with forty-six wild geese and several ducks and chickens. Monday morning this fine collection of game was hung on a line and artist Halvorsen took several views of them. It was a pretty sight, and one that can only be produced in Dakota. The editor returns thanks for one of the fine birds." The "Captain" Skavlem is our ex-sheriff, H. L. Skavlem. The Janesville Lime-Kiln club will "shoot" that commission on the return of the Badger Nimrod.

—Two weeks ago a meeting of Select Knights, A. O. U. W. was announced, the purpose of the meeting being to organize the Wisconsin legions into a regiment. The delegates did not appear and nothing was done. Last night the matter was taken up again and the 12th Regiment was organized with the following officers: Colonel, William Street, of Janesville; lieutenant colonel, Joseph Arnold, of Oshkosh; major, D. Theile, of Milwaukee. The legions that compose this regiment are "Rock Legion No. 10, of Janesville; Rapier Legion No. 1, of Oshkosh; Baraboo Valley Legion No. 7, of Baraboo; Grant Legion No. 8, of Sheboygan, and Bodenstedt Legion, of Milwaukee. No delegates were present from any but the Janesville organization, but those of Milwaukee and Oshkosh were represented by proxy.

—Rev. F. C. Brayton, of Rock River conference, has been transferred to Wisconsin conference and appointed to the M. E. church at Shopiere, Wis. He will open his pastorate next Sunday.

—Hon. G. M. Woodward, the democratic candidate for governor, and Hon. John D. Putnam, the democratic candidate for lieutenant governor, were in the city a short time yesterday afternoon, en route for Shullsburg, where they held a rally last evening.

Wonderful Cures.

W. D. Hoyt & Co., Wholesale and Retail Druggists of Rome, Ga., say: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced Consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by Frank Sheror & Co.

First Assembly District.

[From the Beloit Free Press.]

Each one of the three candidates of this district for the assembly distinctively represents the principles of the party that placed him in nomination. Mr. B. S. Hoxie, of Union, is a pronounced and prominent prohibitionist or third party man. Mr. J. W. Crist, of the town of Beloit, is a life long democrat. Mr. William Morgan Nye, of the town of Beloit, since the organization of the party, has been a republican, pure and unadulterated,—just such a republican into whose care in these days, it behooves republicans to confide important legislative trusts and responsibilities.

Mr. Nye was born in Winfield, Herkimer county, New York, fifty-seven years ago, removing to and settling in Beloit in 1846, since which time he has continuously resided there, engaged in farming, in which occupation he has gained not only a competency, but what is of more value, the universal respect and esteem of a wide circle of neighbors and friends. A successful farmer, a man of intelligence, a believer and advocate of practical progression in politics and in society, a man of the strictest business integrity and of unimpeachable honesty and modest withal, no more fitting representative of the republicans of this district can be placed in the assembly than Mr. Nye. As a republican, he is one of the Old Guard, springing from that class which, above all others, is the great bulwark of republicanism in this state, as in all other states—the farmers. That Mr. Nye will be elected no one who knows the sterling character of First district republicans will for a moment doubt.

THE NOVEMBER JURORS.

Thirty-Six Men Who Are Designed To Be Martyrs for the Good of the County.

This morning Sheriff Hanthorn, Justice Prichard and Clerk of the Court Wheeler united in drawing up a list of jurors for the November term of the circuit court. When the mill had finished grinding, the following list had been made:

S. S. Warner, La Prairie.
H. S. Morgan, Lima.
R. J. Burdge, Beloit.
J. C. Fredendall, Janesville.

The calendar this year, while of considerable length, is not likely to be as long as that of the last '85 term. This may be of some comfort to the chosen ones as they prepare for the opening of court on November 23.

The Water Works.

The following relating to a meeting of the Madison board of water commissioners is taken from the State Journal, and will interest many in this city at this time: "It was decided to proceed to the construction of a small reservoir at the water works, to avoid the difficulties met with during the hot dry weather of the summer in supplying the great demand on the works. The water mains of the system now exceeded nineteen miles, and new connections are being made every day. The number of water takers will exceed a thousand before the end of the year, and the receipts of the year will exceed the operating expenses by something like $4,500—not making any account of over 100 fire hydrants which the city pays nothing for. The system is in excellent condition throughout, and the superintendent and water commissioners merit the thanks of our people for their faithful and efficient services. The entire system represents a cost of about $145,000, of which all has been paid by the city except the original loan of $70,000, the bonds for which are outstanding. The management of the works has been characterized by good judgment and that care which a successful business man bestows upon his own interests, and our people will not have to live long before they find themselves the owners of a superb system of waterworks, with the debt due to construction all wiped out, and a water-tax to pay just high enough to cover operating expenses and the cost of necessary [extensions and improvements."

Wisconsin Commandery.

The grand commandery of Wisconsin Knights Templars closed its annual conclave at Milwaukee yesterday after a two days session. The following list of officers was elected:

Grand commander, Rev. W. H. Watts, of Stevens Point.

Deputy grand commander, N. B. Rundle, of Eau Claire.

Grand generalissimo, N. C. Griffin, of Fond du Lac.

Grand captain general, T. J. Brocks, of Boscobel.

Grand treasurer, F. L. Von Suessmilch, of Delavan.

Grand recorder, John W. Lubin, of Milwaukee.

Grand prelate, Rev. W. H. Watts, of Stevens Point.

Grand senior warden, Charles G. Mayers, of Madison.

Grand junior warden, R. D. Pulford, of Mineral Point.

Grand guard, Leonard Barrot, of Milwaukee.

Trustee for three years, H. L. Palmer, of Milwaukee.

Trustee for two years, C. P. Whitford, of Beloit.

The newly elected officers were installed late in the afternoon, after which the conclave adjourned.

Gen. Fremont.

Fremont memoirs is certainly a sublime affair. It is a book very differently gotten up from any other of our public men. Mr. J. B. Furman, representing his own firm as general agents, will show the work. It is worthy of high consideration.

The Weather.

At seven o'clock this morning the thermometer indicated 58 degrees above zero. Light rain with west wind. At one o'clock p. m. the register was 51 degrees above zero. Cloudy with high southwest wind. For corresponding hours one year ago the register was 54 and 61 degrees above zero.

All Odd Fellows

Take notice that a special meeting is hereby called by the Noble Grands of lodges No's 14 and 90, to be held in Odd Fellows' hall, Janesville, Thursday evening, October 14th, at eight o'clock, for the transaction of important business.

N. C. BAKER, N. G., No. 14.
J. M. MANNING, N. G., No. 90.
J. B. NOYES, Rec. Sec'y.

Take good advice.—I have suffered with bad headaches for years, and have tried many remedies without obtaining relief. I was advised to give Salvation Oil a trial, and it has entirely cured me.

THE WISCONSIN MILITIA.

Some Results of the Semi-Annual Muster in This State.

About eight months ago, under an order of the governor, the National Guard was reduced in numbers. The order was not to take instant effect, but time was given until the present that the weeding-out process would not impair the strength of the militia.

The semi-annual musters that took place a short time ago were the basis for a compilation made by Adjutant General Chapman. His table shows the condition of the state militia at this time and also to some extent shows what changes have been made. The recapitulation is as follows:

	Commissioned officers.	Enlisted men.
Commander-in-chief, general and personal staff	21	....
FIRST REGIMENT—		
Field and staff	9	....
Non-commissioned staff and band	..	17
Ten companies	89	351
SECOND REGIMENT—		
Field and staff	10	....
Non-commissioned staff and band	..	21
Eleven companies	92	369
THIRD REGIMENT—		
Field and staff	10	....
Non-commissioned staff and band	..	15
Ten companies	80	333
FOURTH BATTALION—		
Field and staff	5	....
Four companies	12	262
Light Horse squadron	4	60
First Light battery	3	71

Although the numbers have been somewhat reduced it is claimed that the effectiveness has not been lessened, there are now 166 commissioned officers, and 2601 enlisted men, on the rosters of the state.

Some Lucky Men.

A reporter of the Canadian-American had a conversation with two happy men this week—two prize winners in the September drawing of the Louisiana State Lottery. Victor Caula, an Italian, living at 141 West Van Buren street, is a machinist by trade, and was, three weeks before the drawing, employed at Warren Springer's machine shop, corner Canal and Van Buren streets. He lost his position, and felt glum over the situation of affairs. Hearing his landlady talk about the chances afforded by The Louisiana lottery, he invested one dollar in a tenth part of ticket No. 72,983 which drew $10,000, Caula's share being $1,000, which he received from M. A. Dauphin, New Orleans, through the American Express Co. He was overjoyed as might be expected at his luck, and he has started for Italy to bring over his mother—a long cherished desire which, on account of his poverty, he was unable to satisfy until the present time. The other man who was in a very happy mood was L. L. Fosse, who has been employed as a driver for H. B. Olsen & Co., paint manufacturers. Nos 88 and 90 Superior street, since about the time of the great fire. He is a steady, industrious man, and gets $12 per week, but the raising of a large family has kept his nose close to the grindstone. He drew a tenth of the second capital prize of $50,000, ticket No. 3,479, his share being $5,000, which he received through the American Express Co. This sum will enable him to spend his declining days in comfort, and give the members of his family a good education—*Chicago (Ill). Canadian American.*

Insurance.

In life insurance the people want two things: first, an absolute guarantee against loss; second, as cheap rates as possible. In the Reserve Fund Life Association these two wants are fully met. Those contemplating taking life insurance are respectfully asked to call upon F. L. Haydon for further information. Office with Dr. E. E. Loomis, on South Main street, Janesville, Wis.

Nesbit Will Officiate.

MONTREAL, Canada, Oct. 14.—N. M. Nesbit, the Chicago pork packer, has left here. Before he left he told a reporter that he would make no statement except to say that he had been unfortunate and got into temporary trouble. He hoped to be able soon day to straighten out matters. He hadn't a dollar of anybody's money with him, and the liabilities of the firm had been grossly exaggerated. The firm, he believed, would resume, and in a few years pay all they owed. He would say nothing about the fraudulent warehouse receipts. The British bank here has sent to Chicago for additional evidence upon which to arrest him. His wife was with him, and they are rusticating a few miles from here at a fashionable summer resort.

Some More Cincinnati Skullduggery.

CINCINNATI, Oct. 14.—The mysterious disappearance of the pay-rolls of the street cleaning department from 1880 to 1885, with the exception of twelve weeks, came to light Wednesday morning. For several days clerks of the board of public affairs have been busily engaged in overhauling the pay-rolls of the old board of public works in search of those of the street cleaning department for the use of the experts, who have not yet begun operations on the pay-rolls of the department. The disappearance of these pay-rolls will hinder the experts in the work of investigation, and will render the undertaking a most difficult task.

$1,000 will buy a good house and two fine lots in 1st ward, three blocks from the street railway. H. H. BLANCHARD.

DRIFTING FOR TWO YEARS.

The Story of One of the Most Remarkable Voyages Ever Made.

Capt. J. N. Armstrong, now in command of the bark Kalakaua, loading lumber at Port Blakely for the west coast of South America, was in Seattle the other day. Capt. Armstrong will be remembered as the commander who brought the ship Templar from New York to San Francisco a few years ago on one of the most remarkable passages on record. After being out for some time, the captain went to a foreign port, and for some reason his crew, excepting the officers, left. Finally two English ships came in, and from them Capt. Armstrong made up a new crew, and, after being out four days, the entire crew, including the captain and his daughter, were taken down with yellow fever. The first mate died, and several of the sailors. Those who had the disease less violent threw the dead overboard, one by one. The ship drifted about without a pilot or navigator for more than a year. The captain, for two years, was so violent from the ravages of the fever that he had to be chained to the deck to keep him from jumping overboard. He wears the scars from the chains and lashings to this day.

During the year that the ship drifted about, the second mate and three or four of the sailors recovered, but being out of sight of land, and not understanding navigation, they were powerless to do anything with the ship. Finally the daughter regained her reason, but not her strength. One day she sent for the second mate and asked him to carry her on deck, which he did. She then sent for her father's instruments, and by the aid of these and her knowledge of navigation she figured out the location of the vessel. She then took the charts from the cabin and traced out a route to San Francisco. She then practically took command of the vessel and ordered the second mate and surviving members of the crew to make sail, and gave them the direction in which to sail. Every day for months she would be carried on deck to take the sun and give her orders.

Days and weeks passed and the ship continued on her journey. Being so light-handed the vessel could not be properly handled and could carry but little sail, consequently her progress was slow. After many weary, dreary months the captain regained his reason, and when he learned of what his daughter had done he was greatly surprised, and declared that had he been placed in the same position he could not have done better. The ship was loaded with general merchandise, the cargo being insured for over $200,000. The long absence of the ship, and no tidings from her, led the owners and all interested parties to believe that she, with all hands on board, had been lost. Imagine their surprise, after the supposed fate of the ship had almost passed into their minds, when one bright day in summer the ship Templar, with her cargo all intact, came sailing into San Francisco bay. —Seattle (W. T.) Post-Intelligencer.

A Yellowish Coat

Upon the tongue, particularly near its base, is of itself sufficient to denote biliousness, an ailment to the development of which the hot weather—it may be remarked in passing—is extremely favorable, and which autumn often brings in its train as a lingering legacy. If not remedied—which it speedily may be with Hostetter's Stomach Bitters—then follow aggravated disorder of the stomach and bowels, dull pains beneath the lower right ribs, nausea and headache. A prompt use of this invaluable specific is always desirable, no matter what the season. Upon the liver it exerts an influence directly beneficial. The bile, the obstruction to its flow being relieved by the relaxation of the bowels, returns to its natural channel, and the portion of it which has forced its way into and contaminated the blood is expelled. The stomach also resumes its digestive function. Rheumatism, fever and ague and kidney troubles also succumb to the Bitters.

Catharral Dangers.

To be freed from the dangers of suffocation while lying down; to breathe freely, sleep soundly and undisturbed, to rise refreshed head clear, brain active and free from pain or ache; to know that no poisonous, putrid matter defiles the breath and rots away the delicate machinery of smell, taste and hearing; to feel that the system does not, through its veins and arteries, suck up the poison that is sure to undermine and destroy, is indeed a blessing beyond all other human enjoyments. To purchase immunity from such a fate should be the object of all afflicted. But those who have tried many remedies and physicians despair of relief or cure
